LED Strip Lights

12V
24V

5Yrs

- Single or dual light models.
- 3rd generation LED technology.
- Low current draw.
- Multivoltage operation.
- Powder coated aluminium bracket.
- Easy installation.
- Fit neatly into corners.
- Lens optics offer 180° light output.
- Polycarbonate lens.
- 5 year warranty.

Voltage : 12-24V
Lens : Polycarbonate
Frame : Powder Coated Aluminium
Wire Length : 450mm
Colour Temperature : 5650K
Light Source : LED

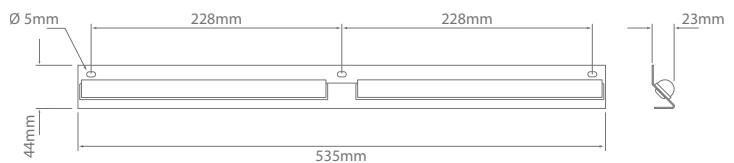

High Output - 180° Optics

High output LEDs and superior lens optics are coupled with a surface mount bracket that positions the light into the corners and out of the way, providing the perfect location from which to illuminate a storage or work area.

ECLED10

ECLED21

LED Strip Lights

Part No.	LEDs	Current Draw (Amps)
ECLED10	3	0.45 @ 12V
ECLED21	6	0.85 @ 12V
